

The Weather  
Forecast for Ohio: Unsettled; probably local thunder showers this afternoon or tonight; tomorrow generally fair not much change in temperature.

RUSSIA IS NOT SATISFIED WITH PLAN OF ALLIES

Conditions For Recognition of Moscow Government Not Accepted.  
TO ASK REVISION  
Formal Answer Not Expected Until End of The Week.

GENOA, May 4.—The allied statement of conditions for recognition of the Moscow soviet government were under scrutiny by the Russian delegation to the economic conference today, but it is unlikely that an answer will be given until the end of the week. It is understood that the Russians are dissatisfied with the statement and will ask for its revision. It is fairly certain that France will continue her participation in the conference although the nation and Belgium refused to sign the Russian statement. Louis Barthou, head of the French delegation is expected to return to Paris tomorrow night, bearing fresh instructions from the French cabinet. The split over the Russian issue has thrown the lineup of the powers into bold relief. France and Belgium are uncompromisingly hostile to Russia. England and Italy are taking a conciliatory middle course. A trend of sympathy (for purely business reasons) towards Russia. Germany is frankly friendly to Russia. Japan has remained passive, although she may join with France and Belgium if she feels that her interests in Siberia are going to be menaced. The main trouble at present is over the question of private property in Russia. Citizens of allied countries in addition to owning large sums of Russian government bonds, own much real estate and other property in Russia. The Russians claim that all this property has been nationalized by the soviet and that it cannot be returned to the owners. France and Belgium say they will never consent to this. Chancellor Wirth of Germany and Walter Rathenau, German foreign secretary, both conferred with Premier Lloyd George during the morning. They called at Lloyd George's villa, but the matters under discussion were not revealed.

KING OF SWAT IS OPERATED ON AT SAME TIME AS WIFE

NEW YORK, May 4.—"Well, I know how I'm going up, but I don't know how I'm coming down," sobberly remarked George Hermann (Babe) Ruth this morning as he stepped into an elevator at St. Vincent's hospital and was whisked to the operating room where his tonsils and adenoids were removed. In the adjoining room lay Mrs. Ruth, awaiting a major operation, the third in a year. Before being placed on the operating table Babe's great, bitter entered the sick room of his girl-wife and knelt by her bedside. "Everything's all right, don't you worry," she said, extending a weak little hand. Then a priest entered and the two of them took communion together. A few minutes afterwards Ruth went with the doctors. "The game needs Babe," murmured Mrs. Ruth to a friend, as she awaited word from the operating table. She made no comment whatsoever about the serious operation she was to undergo in a few minutes. In the operating room "the king of swat" was stretched on the white topped table and the anesthetic was applied. An attendant wheeled another table outside of the wife's door. The moment that Ruth's operation was completed, he was taken out of the white-walled chamber and Mrs. Ruth rolled in. Neither had spoken of self—each had thought only of the other.

CONFESSES MURDER OF HIS SWEETHEART

North Wood, Iowa, May 4.—Irvin Bonker, 21, a young farmer of Manly, is in jail here today and has confessed, police say, to the slaying of Miss Rebecca Nelson, his sweetheart. Miss Nelson was shot and killed in the cloak room of the school house four miles west of Manly where she taught. "I killed her, but hooch mad me," Bonker is said to have told the police. Bonker went to the school to see Miss Nelson about a letter she had written him, refusing to accept his escort to a party. He at first claimed that the shooting was accidental. After the shooting Bonker drove to Manly in his automobile, and attempted to hold up the Farmers' Savings Bank. His gun failed to fire, and two employees of the bank overpowered him.

SEEK REASONS FOR DEFEAT OF NEW AT POLLS

Political Washington To Hunt Out Causes of Beveridge Win.  
COMES AS SHOCK  
Republicans Point Out That It Still Is G. O. P. Victory.

Washington, May 4.—Recovering somewhat from the acute shock administered in the Indiana primaries political Washington set about today to ferret out the reasons underlying the smashing defeat suffered by the Republican organization, both state and national, at the hands of Albert J. Beveridge who as a progressive for the last ten years, has been an open enemy of organized Republicanism. The Beveridge victory over Senator Harry S. New, acknowledged administration spokesman has jarred the "regular" Republican organization in Washington severely. Republican leaders in the senate and in the administration had expected New to come home easily, and the suddenness of the shock left them gasping. The Democrats, of course, were exuberant today. They were twitting their republican friends in the capitol, cloakrooms and wherever politicians gathered. To the Democrats, the Beveridge victory spells a "reputation of the administration" and presages Democratic success next November. The Republicans for the most part remained silent today, contenting themselves with pointing out that Senator Beveridge "is a Republican" and made his primary campaign on a strictly Republican platform pledging himself to support the national administration.

EVOLUTION THEORY SUPPORTED BY TWO COLUMBUS PASTORS

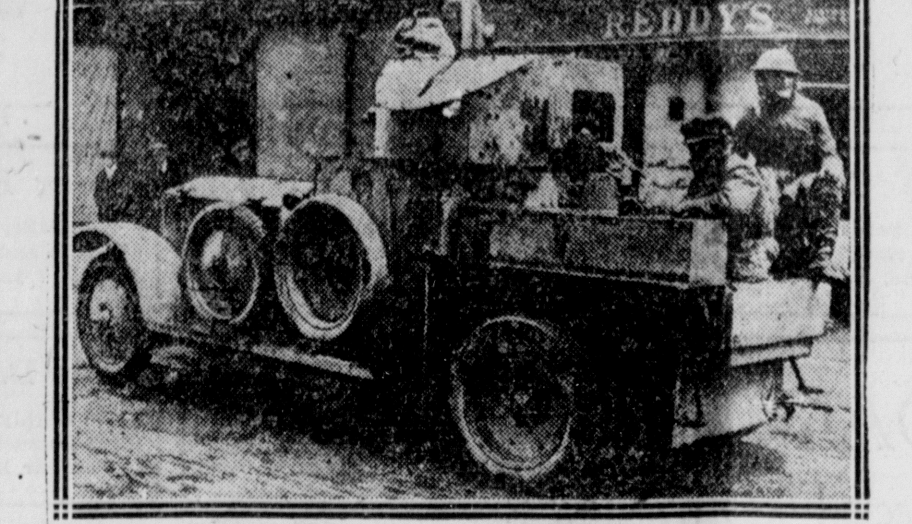

More Attention Needed To Essentials, Declares Minister.

COLUMBUS, May 4.—Contrary to the expressed views of William Jennings Bryan, two prominent Columbus pastors are on record here today as supporting the theory of evolution. Rev. Dr. B. D. Evans, pastor of Franklin Park M. E. church, and Rev. Irving Maurer, pastor of First Congregational Church, voiced their belief in this theory during addresses at the institute on "Christian faith for men today," in session here at the First Congregational Church, the institute is being held under the direction of "The theological seventeen" comprising Columbus clergymen possessing advanced ideas on religious topics. Asserting that the biblical story of the garden of Eden is a "fairy tale" and declaring that there is no sufficient evidence to support the teaching of the virgin birth of Christ, Rev. Dr. Evans urged that more attention be given to such essentials as God, Jesus Christ and the kingdom of God and less to non essentials, under which classification he included the theory of the virgin birth, miracles, the infallible book forms and ceremonies. "We accept theistic evolution as a more rational and spiritual expression of man," declared Dr. Evans, who stated that there must be a "religious housecleaning," if Christianity is to be preserved. He asserted that modern world thought demands a restating of the faith of Christendom.

ALLEGED LIQUOR RING NEAR XENIA MAY LEAD TO AN INTER CITY INVESTIGATION

The arrest of Herschel Kennedy, of Hillsboro, by Wilmington police, and his subsequent finding in Mayor's Court at Wilmington, may lead to inter-city investigation of an alleged liquor ring near Xenia, according to Wilmington authorities. Kennedy was arrested after his machine had crashed into the automobile of Richard Fisher, of Wilmington, who had parked his car along the road near Wilmington while he went to get some gasoline. After the crash in which both machines were damaged, a minister living near the scene saw Kennedy carry something into bushes nearby, and when Fisher returned they investigated and found a five-gallon jug of corn whiskey. Kennedy told Wilmington authorities he was acting as an agent for four Hillsboro business men who each gave him \$10 to obtain the liquor and deliver it to them. He said he obtained the liquor near Xenia, of unknown parties, who are said to have an established liquor route and are doing a big business. Kennedy is being cross-examined in an effort to obtain further information in the alleged liquor ring.

ARMORED CARS QUELL IRISH RIOTING

Soldiers of the Irish Free State Government, with the aid of armored cars have been called upon to quell continued riots of the "country of turmoil." Recent dispatches indicate that many Irish Republican Army officers are deserting the forces of Eamon de Valera and urging unification under the treaty which established the Irish Free State, with Arthur Griffiths and Michael Collins as leaders.

Gates Of Peking Closed As Wu Forces Advance

Sweeping Victory Won By Faction Reports Indicate—Britisher Seriously Wounded While Watching Fighting—New Drive Starts.

PEKING, May 4.—Reports indicate that the forces of Wu Pei Fu have won a sweeping victory at Machong Kuan Hsien and Shan Sin Tien. Wu is reported to have taken the latter point and is driving towards Fengtai. The gates of Peking have been closed. E. S. Bennett, vice counselor of the British legation, is in a serious condition as a result of a bullet wound received while watching the fighting. He is the first foreigner reported wounded. Fengtai is one of Chang Tso-Lin's strongest centers. It is from this section that his famous fengtai troops came. It has been serving as one of the bases of his campaign. The report of Wu's success came after 11 hours of terrific fighting. Earlier reports said Machong and Kuan Hsien changed hands frequently and claims of victory were made by both Chang Tso Lin and Wu. Tien Tsin reported that twelve of Chang's troop trains passed through there, evidently to reinforce his hard pressed forces at Machang. Chang Sin Tien, center of much fighting since the war started, a few days ago, was the scene of bitter conflict. Attack there was followed by counter attack. Explosion of an ammunition dump there yesterday by a bomb from one of Wu's airplanes had sent the peasants streaming to the city in fear. Missionary Shaw brought 400 refugees from the vicinity of Chang Sin Tien. A refugee camp for women and children has been established on the compound of the American board of foreign missions. TIENTSIN CHINA, May 4.—No confirmation has been received here today of the report that General W. Pei-Fu, commander in chief of the Chihli forces in China's civil war has been killed in action. General Wu was last reported at Machang, where heavy artillery duels were in progress.

CEDARVILLE POSTOFFICE ROBBER GIVEN FIVE YEARS IN PRISON ON THURSDAY

William "Bugs" Miley, 53, Cedarville postoffice robber, was sentenced to serve five years in federal prison, by Federal Judge Sater in United States District Court, Dayton, Thursday. Miley was indicted by the federal grand jury on which three Xenia men were members, when the jury reported at 9:30 o'clock Thursday morning. After the jury reported, Miley was indicted, including Miley, entered pleas of guilty and were sentenced at noon. Miley received the heaviest sentence of the six who pleaded guilty. Miley attempted to blow the safe of the Cedarville postoffice at 8:30 o'clock on the morning of February 21. After using two charges of nitroglycerine unsuccessfully citizens were aroused, and in an attempt to escape, Miley was shot by Lloyd Confer, and later captured by a hastily organized posse. Miley was locked up in the county jail here temporarily until he had recovered from his injuries sufficiently to be turned over to the federal authorities in Dayton. He told local authorities he came from Toledo, and that he had been a crackman, specializing in postoffice robberies for years. He had served considerable time in state penitentiaries and in the federal prison at Atlanta, Ga., he told officers. Besides Miley, Edward Bolen was sentenced to two years for violation of the Harrison anti-narcotic law; Lawrence Thompson, three years, for stealing an automobile; Calvin Bowers, three years, for stealing an automobile; and Irvin Courtney four and one-half years for stealing an automobile.

WILLIAM MILEY

18 cases examined. The jury was in session four days and examined 83 witnesses. The situation tense with crown forces searching the hills along the Ulster frontier for Republicans. Four persons were arrested at Mullingar in connection with the firing of the barracks had been, shroud miswired destroyed. The Castle Pollard barracks were blown up. A detachment of police enroute from Antrim to the relief of Ballynure barracks was ambushed and one constable was killed. Reinforcements were rushed up and the Republicans who were beleaguering the barracks were dispersed. Six persons have been killed and 19 wounded in the past 24 hours in Ulster.

New Orleans Woman Is Mother of Twenty-One

Mrs. Jacob Caranek, "champion mother" of New Orleans, La., holds the marvelous record of giving birth to twenty-one children in twenty-one years. In a little grocery store at No. 1700 Port street, New Orleans, she toils from 6 o'clock in the morning until late at night. Aside from occasional headaches, Mrs. Caranek has never been ill, she says. Ten of her children are living.

BEVERIDGE WINS SENATE RACE IN INDIANA STATE

Senator New Deprived of Traditional Re-Nomination  
PLURALITY LARGE

Twenty Thousand Odd Rolled Up by Former Progressive It is Known

Indianapolis, Ind., May 4.—Albert J. Beveridge having won the Republican nomination for United States senator over Senator Harry S. New by a majority of approximately 20,000 Indiana Republicans and Democrats alike today rested on their oars in anticipation of strenuous pre-election activities. Ex-Senator Beveridge next November will be opposed by former Governor Samuel M. Palston, Democratic senatorial nominee, who defeated Beveridge for the governorship in 1912 when the Republican senatorial nominee was carrying the progressive party standard in the state election.

Indianapolis, Ind., May 4.—Republican Indiana has broken a precedent by depriving Senator Harry S. New, of the traditional renomination and in his place has chosen Albert J. Beveridge, ex-senator and former progressive, to be the party's standard bearer in the November senatorial contest.

Mr. Beveridge has been nominated by a plurality that came as a distinct shock to old line Republicans in the New camp and, privately, surprised many of Beveridge's own supporters. In fact, practically the whole state was surprised at the twenty thousand odd plurality shown by virtually complete unofficial returns.

Democrats were in high glee over the result although they admitted Beveridge will be no easier to defeat in November than would be Senator New.

"I never give alibis or excuses," was the statement of Senator New, after it became apparent Beveridge had been nominated. "My friends don't need them and my enemies don't need them. So far as I am concerned this ends it. For forty five years without a single omission I have served my party to the best of my ability. I am proud of what I have done for it and I am grateful for what it has done for me. I cannot sufficiently thank the friends that have stood loyally by me in this campaign."

Mr. Beveridge said: "I am grateful for the expression of confidence of our party and shall try to be worthy of it. I am especially happy that all elements of our party contributed to the result. Factions and feuds in our party are buried forever in Indiana."

RIOTS CONTINUE OVER IRELAND

Belfast, May 4.—Despite efforts of the Dail Eireann at Dublin to effect a truce fighting continued at various places in northern Ireland today. Three ambush attacks against police had been reported from Derry and Tyrone counties before noon. Near Magherafeld a policeman was killed and three others wounded. Several other policemen were wounded in attacks elsewhere. The rebel casualties are unknown. The situation tense with crown forces searching the hills along the Ulster frontier for Republicans. Four persons were arrested at Mullingar in connection with the firing of the barracks had been, shroud miswired destroyed. The Castle Pollard barracks were blown up. A detachment of police enroute from Antrim to the relief of Ballynure barracks was ambushed and one constable was killed. Reinforcements were rushed up and the Republicans who were beleaguering the barracks were dispersed. Six persons have been killed and 19 wounded in the past 24 hours in Ulster.

CARE EXERCISED IN PREPARATION OF ADVERTISING

You can remember recently how advertising dollars were scattered broadcast throughout the country—how much cheaper they were then, than now. And how little attention was then given to how they spent, the order books were crammed full and so were local stores. But, today, conditions are vastly different, the same advertising dollar will buy even more, dollar for dollar, than it did, yet it must be conscientiously spent. Greater care in the preparation of copy—in the selection of the newspaper in which you store news will appear, must be given the matter if you would have your advertising dollar pay you expected dividends.

TRUCE BETWEEN IRISH FACTIONS IS EFFECTED

CHINESE PRESIDENT FORCES MARTIAL LAW

President Hsu Shih-chang of the Chinese Republic has proclaimed martial law in Peking because of the proximity of the fighting between the armies of Generals Wu Pei-fu and Chan Tso-lin, twelve miles away. His attempts at mediation to have the rival leaders await the results of the national convention failed.

SAYS PAY CLINICS IN OHIO OPERATED LIKE CAFETERIAS

State Medical Association Meeting in Cincinnati Hears Talk.

CINCINNATI, May 4.—Charges that the majority of pay clinics in Ohio were operated "like cafeterias" were made here Wednesday night by Dr. Martin H. Fisher, physiologist at the University of Cincinnati, in delivering the principal address at the banquet which closed the convention of the Ohio State Medical Association. Dr. Fisher said in one clinic a patient was given a card, walked, through a lane of physicians, given treatment for various ailments, his card punched by physicians, and sent on in much the same manner that a waiter in a cafeteria does. "There is too much gang medicine in this country," Dr. Fisher said, "and it is sapping the life blood of the profession." Dr. J. S. Rardin of Portsmouth, Ohio, was elected president; Dr. H. M. Platter of Columbus, re-elected treasurer and Dr. J. E. Tuckerman, Cleveland, chairman of the committee on medical defense. Toledo was selected as the 1923 convention city. The following were elected delegates to the convention of the American Medical Association: Dr. C. D. Selby, Toledo; Dr. G. Warburton, Zanesville; Dr. W. D. Haines, Cincinnati; Dr. J. H. J. Upham, Columbus; Dr. B. R. McClellan, Xenia, and Dr. G. E. Follansbee, Cleveland.

HUNDREDS RESCUED BY MOUNTED POLICE AS RIVER FLOODS

Thousands of Acres of Seeded Land Covered With Water.

Brandon City, Man., May 4.—Hundreds of persons were rescued today by mounted police from the rise of the Assiniboine river which indicated the entire lower section of the city. Alexander and other nearby towns were also surrounded by the surging waters. The rising flood covered the country for many miles and tents are being used to shelter the homeless. Horses, cattle and all kinds of debris were caught by the river. Reports that three had lost their lives were unconfirmed. Virden Valley was a vast lake as the water rushed in and roadways were impassable at Kenway. Thousands of acres of newly seeded land were covered by water and relief boats are in use over the farming district. Conditions are said to be the worst since the great flood of 1904 and many house, tops are almost covered by water.

HOPE ARMISTICE WILL STOP ALL FIGHTING SOON

Irish State Supporters and Rebel Forces Agree On Plan

NOW IN EFFECT

Agreement is Made to Suspend Warfare for Few Days.

Dublin, May 4.—A truce was effected today between the Irish free state supporters and the rebel faction of the Irish Republican army which have been conducting violent guerrilla warfare against each other. The armistice was arranged by staff officers of the free state army and the commandants of the Republicans. A commission from the Dail Eireann met during the afternoon to draw up the terms.

The leaders on both sides said that they hoped that the armistice would put an immediate end to the fighting. Mrs. Kathleen Clark has been appointed chairman of the Irish peace committee. The truce is for the purpose of giving the leaders an opportunity to study army unification. The terms provide that all army operations shall cease except routine training. Both the free states and the Republicans are to undertake no reorganizations, and both are to cooperate for the protection of property. It was agreed that there shall be complete cessation of fighting of every description between four o'clock this afternoon and four o'clock Monday afternoon. Four days time was given in order to allow news of the truce to penetrate all isolated districts.

RUSSIA MAY ASK AMERICA FOR LOAN IF MEETING FAILS

Rail Concessions Would Be Offered as Collateral is Report.

Moscow, May 4.—If the Genoa conference fails Russia will approach the United States for a loan offering railway concessions as collateral, according to an exclusive statement to the International News Service today by M. Stoklov, editor of the communist organ, Izvestia, and chief of the soviet's publicists. "If the international economic conference fails, it will be due mainly to the absence of the United States," Stoklov said. "Furthermore if the conference fails, Russia will approach the United States for a loan. We are ready to offer the United States rail road concessions in Siberia, and we believe that we can become the great market in the world for American trade. Russian and American economic interests do not clash. Russia is the only country which could help the United States fight Japan. At the same time, America could help Russia to rid herself of her undesirable guests." Stoklov's reference to "undesirable guests" was a thrust at Japanese occupation of eastern Siberia.

COLUMBUS OFFICIAL RETAINS HIS OFFICE

Columbus, May 4.—William P. Donohoe, Superintendent of the Columbus workhouse, today, retains his position despite threats of dismissal, growing out of allegations that he is responsible for alleged cruel treatment of former prisoners. Police Chief French stated that publicity concerning possible action in Donohoe's case, if any, is to be given out by Safety Director McCune, who has not indicated what he will do. Supt. Donohoe intimated that he will fight efforts to remove him and will claim his conduct was based upon rules promulgated by Director McCune. The director denied that he issued such rules and asserted that if the alleged rules, providing for confinement in a dungeon and for physical punishment of prisoners for willful violation of regulations, were followed, it was without his knowledge or consent.

### QUIETLY MARRIED

TUESDAY AFTERNOON.

Mrs. Daisy Estella Owens, of Bow-ersville and Mr. Jesse Pearl Kimball of South Charleston, were united in marriage at the parsonage of Trinity M. E. Church, Tuesday afternoon at two o'clock.

In the absence of the Rev. V. F. Brown, who was called to Tippecanoe City, the Rev. D. D. Dodds of the First U. P. Church, officiated at the service.

Mr. and Mrs. Kimball will reside in South Charleston.

The members of the First Baptist Church Ladies Aid Society will be entertained at the home of Mrs. Lawrence Wagner, on West Third St. Friday afternoon at two o'clock.

Mrs. C. E. Arbogast is suffering from painful bruises received when she tripped and fell down a flight of stairs at her home on North King Street Wednesday.

Mrs. William J. Oglesbee, of North King Street, spent Wednesday in Dayton.

John O'Dea received word of the death of his nephew, M. T. Neil, of Columbus, Ohio, Miss Kathryn O'Dea left Wednesday to attend the funeral which was held at Holy rams Church, that city, Thursday morning.

Dr. Harold C. Messenger attended the state medical association meeting at Cincinnati Thursday.

J. M. Johnston returned to Ironton Ohio, Thursday, Mrs. Johnston remaining for a further visit at the Charles Dodds, home on Hill Street where they have been spending the past few days.

Mr. and Mrs. O. P. Shaffer, arrived Thursday from Washington, D. C. to spend a month in this city, at the home of the C. F. Logan family on East Second Street.

Mrs. Clyde Wharton, will return to her home in Cincinnati, Friday, after being called here by the death of her mother, Mrs. C. F. Logan. Mr. Wharton will join her here Friday to accompany her on her return home.

### NO MORE GAS IN STOMACH & BOWELS

If you wish to be permanently relieved of gas in the stomach and bowels, take Baalman's Gas Tablets which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.

That empty gnawing feeling at the pit of your stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish and you will again be able to take a deep breath without discomfort.

That drowsy, sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and "go to sleep," because Baalman's Gas Tablets prevent gas from interfering with the circulation.

Get the genuine Baalman's Gas Tablets in the yellow package from Sayre and Hemphill or any reliable druggist. Price one dollar. J. Baalman, Chemist, San Francisco.

Mrs. Eber Reynolds, of East Church Street, is resting comfortably at the McClellan Hospital, where she was removed Wednesday.

Edwin Galloway spent Tuesday in Cincinnati on a business trip.

Mrs. John Laycock spent Tuesday in Cincinnati visiting with friends.

Miss Celia Moore, who taught during the last year in the schools at Spring Valley, has returned to her home in this city to spend the summer vacation. She is planning to enter Muskingum college in the fall to complete her normal course.

Mr. and Mrs. R. D. Adair left Thursday morning for Maysville, Kentucky, where they will visit with their son and daughter-in-law, Mr. and Mrs. Robert Adair.

The Rev. and Mrs. E. W. Middleton, Mrs. H. E. Schmidt and Mrs. Jos. Cowden went to Dayton Thursday where they were in attendance at the commencement exercises at the Reformed Theological Seminary.

Mrs. Fred Anderson and infant daughter, Martha Jane, left the McClellan Hospital Thursday and are now at the home of Mrs. Anderson's parents, Mr. and Mrs. Jos. Santmyer, on West Third Street.

The condition of Mrs. Samuel Poland, who has been seriously ill at the home of her son-in-law and daughter, Mr. and Mrs. Ed Lauman, on West Church Street, is now somewhat improved.

Mrs. Mary Brown, of Jamestown, who has spent several months at the home of Mr. and Mrs. W. H. Ferguson, on West Third Street, entered the McClellan Hospital Wednesday for treatment.

J. C. Dodds arrived home Thursday morning after a business trip of more than a week to points in New York, Connecticut and Massachusetts.

The Rev. and Mrs. H. E. Armacost of Dayton, will be the guests of the Rev. and Mrs. V. F. Brown, Friday.

### MAXWELL FACTORY TO INCREASE EMPLOYES

Dayton, O., May 4—A million dollar order for sedan and coupe bodies received at plant No. 1 of the Maxwell motor company, calls for the immediate increase of from five hundred to one thousand employees.

It is believed plant No. 2 at which the open bodies are made will shortly increase production also.

## IRELAND'S DANGER.

Irishmen in rebellion against the Free State, already accepted by the Dail Eireann, have refused the following proposals, any one of which would have cleared the atmosphere of Erin and given some hope for peace:

First. That an election be held in June on the issues of the Anglo-Irish Treaty and the new Irish Constitution, with the agreement that if the Free State was supported a later general election should be held to pass finally upon the Constitution and to elect new national representatives.

Second. That an election be held in June on the single issue of the Anglo-Irish Treaty.

Third. That on a Sunday within a month the people of Ireland should be counted, plebiscite-fashion, at some place within their parishes or within the residential blocks of their cities, for or against the Anglo-Irish Treaty.

To each of these Irishmen in rebellion against their own Government objected. The "peace conference" from which so much was hoped has dissolved. Ireland is back on the basis of civil war, and in the last week the disorders that have been centering in Dublin have spread first to Mullingar and finally to Cork.

The time may not be yet, but it cannot be far off when Collins and Griffith must force through their hard-won Irish Free State or see it whittled away by guerrilla tactics, through murders by gunmen and the elements of anarchy that are coming to the surface in Ireland. They must take hold and govern or they must prepare to go.

These are ugly signs, this fighting at Mullingar a few days back, that mutiny at Limerick a little while ago and this terror that is shaking Cork and driving Irishmen out of Ireland. Every one of these happenings makes it harder to hold a genuine election. Naturally, Collins and Griffith hold back from killing Irishmen and former comrades. They have been patient with De Valera and Burgess and more than patient with the secessionists.

De Valera no longer counts for much except as a symbol and a sort of figure-head. His kind of republicanism plays into the hands of the radicals and gunmen who are using the name of De Valera and republicanism as a screen for murder.

## THRONGS HEAR LONDON LAY PREACHER PLEAD FOR EUROPE.

Miss A. Maud Royden, lay preacher of England, who speaks to a congregation of 1000 men and women every Sunday night in the Guild House of London, preached her first sermon in New York last Sunday at the new Park Avenue Baptist Church. So many wanted to see and hear her that there were several rows standing back of the pews and some were seated in the chancel.

The sermon was not a message of personal religion. It was a plea that America try to understand the nervous condition and pessimistic frame of mind in which Europe finds itself, a plea that America use hope and faith which she alone retains in restoring spiritual strength of the other nations. Miss Royden did not say just how that suggested mission might be fulfilled. She asked that America express itself "in terms of such faith in humanity that the world will be regenerated."

She has a quiet presence in the pulpit. The pitch of her voice rarely rises above the conversational and most often she leans across the pulpit, her hands clasped in front of her, and talks as she might to a group of friends. She was dressed in a long black gown, unrelieved except for a white band at the neck in the form of a boy's Eton collar.

Miss Royden spoke in the afternoon at St. George's Episcopal Church and at the Universalist Church in the evening.

## PRESS A DRIVING POWER AT GENOA.

The increased power which the press is employing in world affairs, that was made evident in a special manner at the Washington Conference, is even more apparent at the Genoa Economic Conference. Representatives of all nations appear to present their points of view to their peoples through the newspapers, in the hope of attaining permanent remedies for the troubles of the world, on the theory that if anything substantial is to be achieved, its peoples must not only know it, but give its approval.

The historic importance of the Genoa conference has become increasingly evident because of the apparent earnest attempts now under way to restore Russia to economic prosperity, to lead her peoples again to the society of Europe from which she has been separated for the last few years. There seems also to be a sincere attempt to make Europe a harmonious entity in the interests of the happiness and well being of all races on the Continent.

Premier Facta, of Italy, at a reception which he gave to several newspapermen made reference to "the historic epoch-making event at Genoa," and to the important part that the profession of journalism exercises in its deliberations.

## JEWELS AND BULLION TAKEN FROM RUSSIAN CHURCHES FILL SEVERAL BUILDINGS IN MOSCOW.

The famous Troitski, or Trinity, Cathedral in Petrograd has been robbed of all its valuables. Similar robberies are reported at various other places, but generally speaking the requisitioning of church valuables is proceeding with little difficulty.

The removing of the valuables from the churches in Moscow is about three-fourths completed. The aggregate of treasure, taken includes silver by the ton, gold by the hundredweight, pearls by the bushel and diamonds by the peck. The valuables are stored in boxes and placed in warehouses under guard, where they await sorting.

The treasure boxes from Moscow alone are heaped to the ceiling. The boxes seen by the correspondent filled one floor 100 feet long and 45 feet wide. Four other floors are being used for storing the treasures from the provinces.

The Kiev Monastery yielded, among other things, a golden lamp ornamented with 241 diamonds and 207 pearls, according to newspaper advices.

In addition to the two clergymen and one layman sentenced to death by the revolutionary tribunal at Shuya for having taken part in a church riot arising from opposition to the requisitioning of church valuables, twelve persons have been sentenced to terms of imprisonment ranging from one to five years. The revolutionary tribunal is now trying sixty more persons, mostly clergymen.

## DEBT IS INCREASED

Washington May 4.—The public debt of the United States in April increased \$45,544,863, the treasury department announced. The public debt on May 1 was \$23,190,201,356.

Increase in the debt last month was due to the issue of treasury certificates and the fact that it was a net income tax paying period.

## NOTHING NEW.

I saw a girl, a social pet, light up a costly cigaret; she blew the smoke around her head, and mournfully I sighed and said, "Great Caesar! Whither do we drift? These modern women are too swift. I guess I am behind the times; I'm always seeing sordid crimes and vicious customs, all day long, where others notice nothing wrong. But in the old days gone to seed, no women used the Filthy Weed." I make such statements off the reel; I always like to make a spiel of dear dead days beyond recall, when sin was not on earth at all. But when I sit me down to think, I find my spiel was on the blink. The women of the by-gone years were wedded to the pipe that cheers. My grandma had an old clay pipe, and smoked a weed that smelled like tripe. The housewives used to blithely puff; when tired of smoke they tackled snuff; I see them smoking in a row, and slinging gossip to and fro. An old clay pipe is worse, you bet, than any modern cigaret. My moral feet are always cold, such sinful customs I behold! Yet ever when I look behind, and call old customs back to mind, I see that granny put up grass just like the giddy modern lass.

## AUTO DEALERS OF COUNTY WILL FORM COOPERATIVE BODY

Formation of a co-operative trade association having for its underlying purposes promotion of the highest standard of good ethics and sound business methods and extension to all customers of efficient service, equal treatment and a square deal will be discussed by the leading automotive merchants of Greene County at a meeting to be held Tuesday evening, at 7:30 o'clock in the offices of J. B. Bice, Buick dealer, Xenia.

The progressive men in the automotive field are realizing more keenly than ever before that the problems affecting the very vitals of their business can be solved only through constructive, co-operative effort, and as a result of this conviction, groups of far-seeing dealers in all parts of Ohio, are getting together on a friendly basis to work out these mutual problems.

Elmer J. Shover, secretary-manager of the Ohio Automotive Trade Association, with headquarters in Columbus, will address the Greene County dealers next Tuesday evening, pointing out the vast benefit certain to come from such an association as is contemplated and telling of the accomplishments of dealer organizations elsewhere in the state.

Mr. Shover will come to Xenia from Dayton where he will address the members of the Auto Trades Association Monday evening. He will be accompanied by Maurice J. McMeen, field secretary of the State Association, who consulted with dealers in Xenia last week with the view to effecting an organization in this county.

Local associations formed recently with the assistance of the Ohio Automotive Trade Association include those in Zanesville, Chillicothe, Medina County and Marion. All auto and accessory dealers and trade conducted with the automobile are invited to be present.

### KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

When film-coats make teeth dingy

Pearly teeth which one delights to show

When teeth do not glisten

When film removal makes teeth shine

## Teeth People Show

and teeth they don't—the difference lies in a new way to combat film

A new method of cleaning has brought prettier teeth to millions. Also cleaner, safer teeth.

You see the results wherever you look. Teeth now glisten which before were dim. They show in smiles now where folks once concealed them.

This is to tell you the reason, then to urge that you make a free test.

### They remove the film

These millions have gained whiter teeth by simply combating film in this new way.

Film is that viscous coat you feel. It clings to teeth, gets between the teeth and stays. The ordinary tooth paste does not effectively combat it. The tooth brush, therefore, has left much of it intact.

Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. That is why teeth become cloudy and discolored. And some teeth—like smokers' teeth—become badly stained.

Film holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay.

Germes breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Thus most tooth troubles are now traced to film. Those troubles have been constantly increasing for lack of a proper film combatant.

### Now you can fight it

Dental science, after long research, has

found two ways to fight film. Many careful tests have proved their efficiency. Authorities now advise them, and leading dentists half the world over are urging their adoption.

A scientific tooth paste has been perfected to comply with modern requirements. These two film combatants are embodied in it. So one may now attack that film twice a day at home.

The name of that tooth paste is Pepsodent.

### Other new effects

The saliva contains two great tooth-protecting agents. One is a starch digestant. That is to digest starch deposits on teeth before they ferment and form acids. The other is alkali, to neutralize the acids which cause tooth decay.

Certain food elements will multiply those tooth-protecting factors. But modern diet often fails to supply those elements regularly. Authority, therefore, desires the tooth paste to apply that stimulation twice a day.

Pepsodent does that. It multiplies both the starch digestant and the alkalis in the saliva. Every application gives these natural tooth-protecting agents many-fold effects.

### Means a new dental era

Old-time tooth pastes, based on soap and chalk, depress these factors in saliva. They reduce this tooth-protecting power on which so much depends. And they do not end the film.

So Pepsodent brings a new dental era to people who employ it. It brings five desired effects which old ways do not bring. So millions of people have come to adopt it, largely by dental advice.

### One week will bring delightful changes

Pepsodent will quickly prove itself. The changes which you see and feel will very soon convince you.

Present the coupon this week for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch how every use leaves the mouth in fresh, alkaline condition.

One week will show you what this method means to you and yours. Go start the test today.

Poor paint looks streaked to the naked eye.

It looks like ridges and furrows under the magnifying glass.

## It's the Valleys in Paint That Make it Poor

The Valleys are the thin streaks  
The Hills are the thick streaks

PAINT streaks are caused by the brush marks.

No matter how much it is brushed, if the paint is cheap the brush marks are bound to show.

Good paint levels up to a smooth surface. Cheap paint dries with hills and valleys that are alternately strong and weak.

Just as a chain is only as strong as its weakest link, so is a film of paint only as good as its thinnest places—the valleys.

Most paints are made of only three things. Lowe Brothers High Standard is made of six—three more ingredients that exhaustive laboratory and practical tests have shown to be necessary to make good paint.

Add to this the fact that these ingredients are more finely ground, and you can understand why High Standard will always smooth out to a uniformly thick surface. Which is also the reason it lasts longer, and looks better as long as it lasts.

Come in and see the sample panels and ask for literature.

HENRY CLEWS

## Weekly Financial Review

Announcement of an international conference on banking in which the United States is to be represented has during the past week opened the way to a possibility of some settlement of outstanding exchange conditions. This in itself is encouraging. The trouble with the situation is seen in the fact that the proposed conference cannot be expected to accomplish much in the way of results unless some important groundwork is laid by the Genoa Conference.

## Growth of Domestic Industry

Disregarding the international situation, however, domestic business has steadily advanced in activity. The report of the United States Steel Corporation shows that in spite of discouragements, there has been a decided gain in earnings as compared with previous conditions, while the improvement during recent weeks has made up for a rather lean condition earlier in the year. The steel industry is now booked farther ahead than at any time since the low point of the business depression. Building operations also show a very marked increase all over the country, and the same is true of other enterprises calling for the use of steel and basic materials, including copper. The latter metal is being produced on a much larger scale, and the effect has been correspondingly good on the volume of employment at those regions where "shut-downs" at the mines have greatly diminished the purchasing power of the communities by which they are surrounded.

## Hopeful Outlook in Farm Regions

There is more and more evidence of the advent of a hopeful outlook in the farming regions. This is partly the result of a steady movement of products to market, but it is more largely the anticipation of an easier state of things in the autumn. A really good crop year, both as to yield and prices, would, in the opinion of a good many expert observers, clear up the depressing conditions and put the farmer back into a reasonable state of independence. As it stands, he enters the crop year considerably in debt to his banker and is still largely on the books of storekeepers and supply men. It is a fact, however, that the banks in the agricultural regions have now more funds than for a good while past, a condition of things which is being illustrated by their appearance in the market as lenders upon a fairly large scale. Agriculturally, the month of April, now closed, has been very hopeful. Some retardation of growth has appeared in the cotton and wheat regions as a result of the cold and wet weather, but on the whole the acreage planted is reported good and the crop outlook fully up to the average.

## Bonus and Taxation

In this favorable condition of industrial and agricultural prospects the dangerous elements in the outlook is seen in the increasing imminence of the bonus legislation of new taxes, both of which are now sufficiently threatening to be seriously regarded. Within the past week the effort to form a combination which should bring about simultaneous and co-operative action on the bonus and the tariff has reached a stage which seems likely to insure the adoption of these two bills either separately or amalgamated into a single measure. Other prospects of no little importance are also in sight. The Senate has passed the bill authorizing Edge banking corporations to become members of the Federal Reserve Banks while the President has authorized participation by a private banker in the Reparations Commission conferences shortly to take place. The significance of the tariff measure as a financial factor is becoming daily more apparent without regard to its bonus aspects, but simply on the strength of its own bearing upon the business situation. Failure to announce any reduction in discount rates at Reserve banks has disappointed some, but is on the whole generally approved by the financial community because of the evident abundance of money throughout the country and the reasonable rates at which it can be obtained.

## Strike Conditions Still Ignored

The stock market still ignores the prevalence of strikes throughout the coal and New England textile regions, notwithstanding that the continued existence of these disturbances inevitably tends to retard the growth of business. Thus far, steel and other plants which are large consumers of coal have succeeded in getting an adequate supply for present needs, while reports made to Government officers suggest the possibility of a termination of the controversy at a comparatively early date, notwithstanding the pessimistic stories that are sent out by the contesting parties to the strike. While some retardation of prosperity has

undoubtedly resulted from the strike situation, official figures appear to indicate that there is a net gain in the number of persons employed, even after deducting the men who are voluntarily idle. As for the New England textile strikes, there are a good many indications pointing to the belief that they will probably be overcome without any considerable concessions on the part of the operators of the mills, in which case a distinctly lower cost of production in the cotton industry will have been established.

## Market Review and Outlook

Except that the market is now in a position to be more sensitive to sudden attacks it is doubtful if any particular attention is paid to the report that the Interstate Commerce Commission is about to issue an order to reduce freight rates. As is well known, the Transportation act provides for 5-12 to 6 percent on the replacement value of the properties, and they are a long way from earning this yet; nevertheless, the market is giving some evidence recently that it has been overbought; that is to say, the general public have been indulging in a great deal of buying and comparatively little selling, with the result that its technical position has been weakened. Aside from this no good reason perhaps exists why more than temporary setbacks should be in order, as trade conditions apparently warrant the hopeful views now entertained by

most shareholders, and this, coupled with the fact that money is obtainable on easy terms, is justification for the uplift which has taken place. The only fear is that the public may become overextended as their attitude, at the present time, is to keep on in a creasing their lines every time a moderate recession occurs; and while this may be in order, it would seem more conservative if they enlarged their trading operations to include sales on rallies for the immediate future.

# Insist upon Kellogg's the original Corn Flakes

—they're wonderful

"Say, Ma, I hope we don't have any bites while we're eating Kellogg's Corn Flakes, 'cause I like Kellogg's so much that the fish will get away!"

Kellogg flavor and Kellogg crispness are so different that there can be no comparison between Kellogg's Corn Flakes and imitations.

Little folks quickly say, "Get Kellogg's, Mother—please," because Kellogg's are never tough or leathery or hard to eat! Kellogg's are always so delicious that big bowls quickly disappear and eager little mouths appeal for more! And big folks appreciate the superiority of Kellogg's because their flavor is so inviting.

Kellogg's are wonderful!

Insist upon Kellogg's—the kind in the RED and GREEN box that bears the signature of W. K. Kellogg, originator of Kellogg's Corn Flakes. NONE ARE GENUINE WITHOUT IT!

# Now~ here is a Breakfast

Appetite says so; taste says so—  
and a sense of well-being says so

**CRISP!** There's an irresistible appeal to eat the golden Grape-Nuts granules. **SWEET!** There's the wholesome, natural sweetness developed from wheat and malted barley as the result of over 20 hours careful baking. **NUTRITIOUS AND SATISFYING!** There are the splendid building and sustaining food qualities put in the grains by Nature and perfected by the skilled processing.

There is no other food like Grape-Nuts

Grape-Nuts provides well-balanced nourishment in easily digestible form. It is ready to eat with cream or good milk.

Let this happy food gratify your taste and satisfy your appetite at breakfast or lunch. Especially fine for the children's evening meal.

You can secure Grape-Nuts wherever good food is sold or served.

### BAD STOMACH AND HEART PAINS

Got First Relief In Months From Nerv-Worth

When the stomach is sour and the food ferments it produces a poisonous gas that distends the abdomen, presses against the heart causing severe pains and oftentimes dangerous palpitation. We have yet to hear of a single case of indigestion or bowel trouble that was not immediately relieved by use of the famous Nerv-Worth. J. A. Jacobs, of Chattanooga, Tenn., tells us that he suffered this way for years—could not get a good night's rest but before he had taken his first bottle entirely up he was greatly relieved and a little later became entirely free from the pain of indigestion and stomach trouble; his bowels were perfectly regular and all of his nervousness and sleeplessness gone. He could eat whatever he wished without pain or discomfort and felt like a new man. Most druggists sell Nerv-Worth at the dollar a bottle and all are authorized to give the money back if you do not receive satisfactory encouragement from the first bottle. It is always on sale at the Sayre & Hemphill drug store in this city. It is especially fine for delicate women and children as the taste is pleasant and the action mild but very effective.

## REJUVENATED BALL TEAM WILL TAKE FIELD ON SUNDAY

It will be a rejuvenated American Legion baseball team that will take the field Sunday meeting New Burlington on the latter's diamond, according to announcement of Manager Paul Fuller.

The fact that the team has lost its two games has served to lose some of the distinction they won during the last football season, and they are anxious to redeem themselves on the diamond.

The team has acquired several new players, and with Moon and Bennington ready for mound service, it is believed the club will show its strongest form. The team will line up with "Dokey" Randall, the veteran backstop behind the mask, and either Moon or Bennington in the box. "Monk" Day, will be seen at the first station with "Bill" Derrick holding down the keystone corner. Milburn will be found at the short field, while the veteran Gardner Gearhart is handling them at the hot corner. Elmer Owens, who is welding the ash with precision this year, Manager Fuller, who swings a wicked bat, and Bocklet and Christopher, are working in the gardens, with Holland as utility man.

## CARNEGIE STEEL WILL ERECT NEW PLANT

Pittsburgh, May 4.—The Carnegie Steel company will spend between \$30,000,000 and \$35,000,000 in the immediate construction and erection at Clairton, Pa., of a second by-product coke oven plant which will more than double the present plant's capacity, according to announcement made today.

Work will begin immediately. The total output of the 1,664 ovens when all are completed will be 11,000,000 tons annually. The story of this enormous undertaking was carried exclusively by International News Service several days ago.

## GOVERNOR EDWARDS GETS FREE CHANCE FOR SENATE

Trenton, N. J. May 4.—Declaring that Gov. Edward I. Edwards, "antagonism to prohibition," makes his strongest candidate on the political horizon, Alexander Simpson, minority leader in the state senate, announced his withdrawal as a candidate for nomination as U. S. Senator. Gov. Edwards probably will have no opposition for the Democratic nomination.

**DID HIM MORE GOOD**  
Many men and women suffer from backache, rheumatic pains, stiff joints, sore muscles and other results of kidney trouble because they neglected the first warning symptoms. Foley Kidney Pills aid the kidneys to throw out poisonous waste matter that causes pain and misery. ## Common Sense About Eczema and Eruptions!

Here's Something About S. S. S. That You'll Be Glad to Hear.

You might just as well know it right now, the cause of skin eruptions, pimples, blackheads, boils and so on is right in the blood. There is no getting away from it. Science has proved it. We prove it. You can prove it. When the cause of skin troubles and eruptions is in the blood, it isn't com-

Let S. S. S. Give You An Angelic Skin! Common sense to simply treat the skin. A bottle of S. S. S. will prove to you what is happening in your blood. S. S. S. is a scientific blood cleanser, it drives out the impurities which cause eczema, tetter, rash, pimples, boils, blackheads, blotches and other skin eruptions. When these impurities are driven out, you can't stop several very nice things from happening. Your lips turn naturally rosy. Your eyes sparkle, your complexion clears, it becomes beautiful. Your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion becomes the real kind that the whole world so admires. S. S. S. is also a powerful body-builder, because it builds new and more blood cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps regain lost flesh. It costs little to have this happen to you. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

## How to Make Child-birth Easier!

DO YOU wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? Listen to this:

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensitive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted; must be put in condition for the crisis that is pending.

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

**WARNING:** Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

## DAYTON FIRM AWARDED CONTRACT FOR STREET PAVING WORK IN XENIA OVER FIELD OF 12 BIDDERS; BONDS ARE SOLD

The contract for over \$50,000 worth of street paving work to be carried out here this summer was let to the Republic Asphalt Company of Dayton Wednesday afternoon at a special meeting of the City Commission at four o'clock.

The contract was sold on the agreement that the paving should be done with Trinidad sheet asphalt, and the bid of the contracting company was \$55,693.62. J. I. Geiger, of Dayton was nearest competitor for the work on a Trinidad sheet asphalt basis, his bid being \$55,982.38.

At the same time the city commission sold the \$50,000 worth of street improvement bonds issued to pay for the street paving work pending collection of the assessments to the Title Guarantee and Trust Co., of Cincinnati, at its bid of \$1260 premium. There were 12 bidders for the bonds and eight bidders for the street paving work, all of which were opened at a special meeting of the commission Monday noon.

Decision of the commissioners to pave the streets with Trinidad sheet asphalt after the bids had been opened for doing the work with other forms of asphalt, besides brick and concrete won the contract for The Republic Asphalt Company, which was represented by J. E. Conley, J. I. Geiger of Dayton, and The Brooks Construction Co., of Fort Wayne, Ind., were low bidders on other forms of asphalt while the firm awarded the contract was \$288.66 lower on the kind prescribed.

Firms competing for the paving contract were The Loyd Contracting Co., of Xenia; The Republic Asphalt Co., of Dayton; J. I. Geiger, of Dayton; Andrews Paving Co., of Hamilton; Ed. Ryan, of Springfield; The Brooks Construction Co., of Fort Wayne, Ind.; McHugh Bros., of

Springfield and the Central Paving Co., of Hamilton.

"The bids were approximately 12 1-2 per cent lower than the estimates prepared by the engineers," according to Edward F. Grabbe, of Dayton, engineer in the employ of the W. F. Foster Co., engineers for the city in the paving work, who will have personal direction of the work here this summer. W. F. Foster also acted as engineer for the city in the last paving work done here, when The Republic Asphalt Co. was also the contracting firm.

The streets to be paved this summer are: North West St., from Church St. to the creek; South West St., from Third St. to the Pennsylvania Railroad tracks; Union St., from Galloway to West Sts.; Pleasant St., from King to West St.; Hivling St., from Whitman to Collier Sts.; Leaman St., from Whitman to George St.

The paving program also includes East Church St. from Detroit St. to Columbus St., which was let by the county commission on its agreement to pay the costs of construction on that street out of the road levy fund. Although the street was officially let separately, to The Republic Asphalt Co., it is included in the total amount bid by the contracting company for the entire job and will be built at the same time as the other streets.

## TWO STILLS TAKEN IN RAID; MAN IS FINED IN COURT

Isaac Tirey 30, a farmer, living near the Ludlow road, in Beaver creek Tp., was fined \$500 and costs by Squire J. E. Jones Wednesday afternoon, on a charge of operating two stills.

Tirey was arrested Wednesday afternoon by deputies from the sheriff's office, at his tenant house on the Samuel Harshman farm. Two stills were confiscated by the raiding officers, one of them being in operation at the time of the raid. One gallon of corn whiskey was also confiscated. Tirey moved to Beaver creek Tp. from Dayton in March. He has a wife and four children.

From Skin Suffering by use of Sykes Comfort Powder

Ashaway, R. I. — "With a large family of children and 17 grandchildren I have had a wide experience and I want to tell mothers that I have never found any powder that would keep a child's skin so free from chafing, itching, scalding, rashes and all irritations and soreness as Sykes Comfort Powder. There is nothing like it to heal the skin." — Mrs. Charles A. Brown, Ashaway, R. I.

The reason Sykes Comfort Powder is so successful in such cases is because it contains six healing, antiseptic ingredients not found in ordinary talcums. For twenty years it has been used and endorsed by physicians and mothers, and nurses call it "A Healing Wonder."

## The EARL Motor Car

GIVEN a wide choice of dealers by the notable value and road performance of our 1922 cars, it is a pleasure for Earl Motors, Inc. to make this announcement of its local representative and with an established organization and intelligent service at command, Earl owners are assured of every consideration and facility any owner could wish behind the car he buys.

At \$995, the Earl touring car now on exhibition sets a new standard of motor car values. All the latest engineering and style developments have gone into its design. All the savings made possible through cash purchases in low material markets and large-scale production by experienced factory workers have helped to hold down the price and create its unapproachable values.

Ease of control, unfailing comfort, flexible power and a broad margin of safety are

assured by Earl design and construction. A dynamic long-stroke motor, exclusive new steering gear, rigid 7-inch channel frame, rugged front and rear axles, quiet transmission, 56-inch rear springs, Alemite lubrication and a special Borg & Beck disc clutch are features of the Earl chassis, tested and proved equal to any driving or hill-climbing emergency.

Built in five graceful body types, no other cars of the Earl's size swing so near the road. Low sweeping lines, refinement of detail and complete appointments make each Earl a car of distinction and individuality.

The beauty, comfort and spirited performance of the Earl will convince you that it is the motor car you want to own and drive. Come in, then, and see the car today. Make an appointment for a demonstration. Or, better still, do your own driving.

## WELL KNOWN DAYTON HOUSE RAIDED TUESDAY

The well-known McCullough's Highland House, on the Dayton and Xenia pike, at the outskirts of Dayton, was raided by Anti Saloon League officials Tuesday night. The authorities found a miniature Monte Carlo, with roulette wheels and other gambling devices and one

of the largest crap tables ever confiscated in Dayton. A small amount of home brew taken in the raid was confiscated for analysis.

## COST OF LIVING IS GRADUALLY LOWERING

WASHINGTON, May 4.—The cost of living is gradually coming down having decreased 22.2 per cent from June, 1920 to March 1922, the bureau of statistics of the department of labor announced today. During the period from December 1921 to March 1922, the decrease amounted to 4.2 percent.

The bureau announced that the cost of living in Philadelphia decreased 21.2 percent during the period from June, 1920, to March 1922; and 3.5 percent during the March to December period. For San Francisco and Oakland, Cal., the decrease amounted to 19.16 percent.

# COURT OF APPEALS UPHOLDS RULING OF COMMON PLEAS

Decision of the Common Pleas Court in the case of H. B. Hole against Joan Trebein, and others, was upheld by the Court of Appeals in a decision received here Thursday morning.

The case was appealed by the plaintiff from an interlocutory order of the Court of Common Pleas dissolving a temporary injunction previously allowed and the Appellate Court has held that the temporary injunction was properly dissolved and has affirmed the decision.

The case was one in which the plaintiff sought to enjoin Joan Trebein, P. H. Flynn, Bertha Trebein, The Loyd Contracting Co., and H. W. Owens from constructing a one-story addition to the garage building on South Detroit street, formerly occupied by the Central Taxi and Garage Co. The new building is to be occupied by the Ary Motor Sales Co. The plaintiff held that construction of the addition would obstruct an arca-way which it claimed was open to the public. The Court of Common Pleas found in favor of the defendant which decision the Appellate Court has now upheld.

F. L. Johnson is the plaintiff's attorney and M. J. Hartley is counsel for the defendants.

# BRIEF SERVICES FOR MRS. KINGSBURY HELD

Funeral services for Mrs. Robert S. Kingsbury were conducted at the late home on West Second Street, Thursday afternoon at three o'clock, in charge of Mrs. Kingsbury's pastor the Rev. G. A. Scott of the First M. E. Church. The Rev. J. H. Littell of Chicago, Mr. Kingsbury's brother-in-law, assisted in the brief service which was held in accordance with Mrs. Kingsbury's wishes.

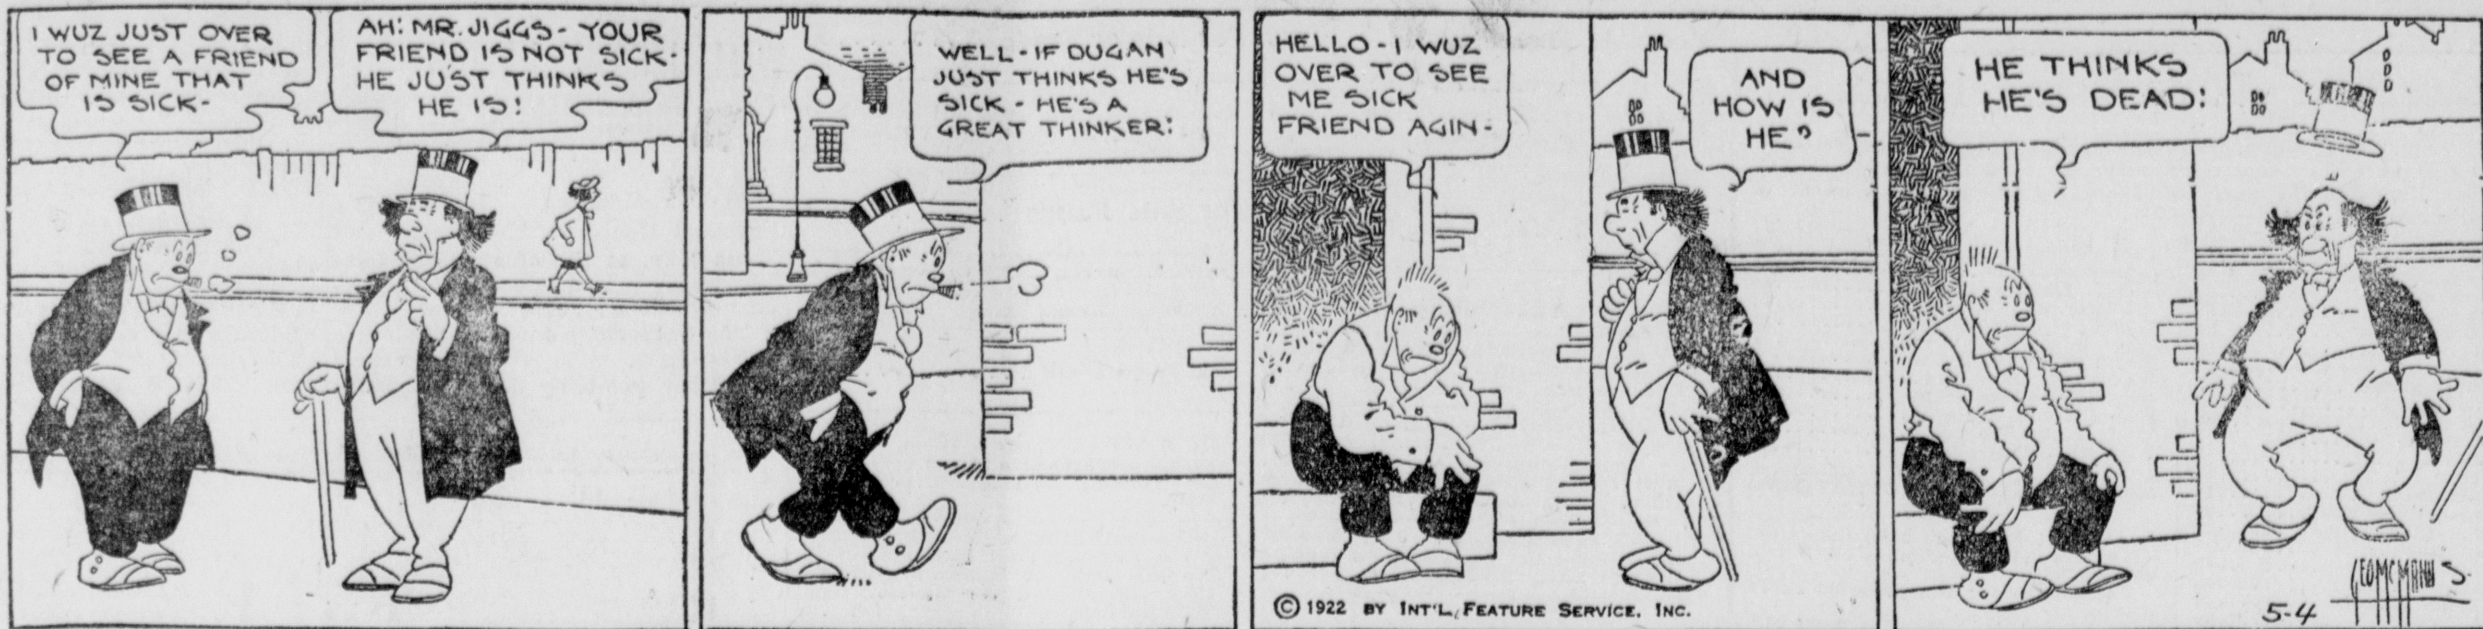

Relatives and close friends of the family attended the service. The burial service at the family plot at Woodland Cemetery was conducted privately.

Those from a distance who attended the services were: Mr. and Mrs. S. D. Kingsbury, of Indianapolis, Indiana; Mrs. Elmer A. Vance of Erwin, Tennessee; Mrs. Frank Dreps of Lansing, Michigan; Mrs. Joseph Kelly, of Greencastle, Indiana; Mrs. Mary Cosler, of Columbus; Mrs. Hannah McKnight, of Columbus; Mr. and Mrs. Fred Nesbitt of Dayton; Mr. and Mrs. Frank Harford, of Springfield; Mrs. Charles Callahan of Dayton; Frank Callahan, of Dayton; Mrs. Hugh Kimes, of Dayton; and the following winter residents of Seabreeze, Florida, where Mr. and Mrs. Kingsbury and two daughters spent the winter, and who reside in Springfield: Mr. and Mrs. Charles Greiner, Mr. and Mrs. George Kelly and Mr. and Mrs. Robert Felty.

Miss Jesse Small, Betty and Dorothy Kingsbury arrived Thursday morning, from Seabreeze, Florida. Robert H. Kingsbury met them in Cincinnati Wednesday night, and accompanied them to this city, Thursday.

Mrs. Kingsbury passed away at Kelly hospital, Baltimore, Maryland where she had been removed two weeks before, from Daytona, Fla. to enter a rest-cure, from her operation for appendicitis in the south, Monday afternoon at 1:20 o'clock. Death according to attending physicians, was due to a sudden stroke caused by cerebral embolism. Mrs. Kingsbury had been under the care of a staff of physicians, at the Kelly Hospital who stated last Friday that she would be able to return to her home in this city, in two weeks, much improved in health. The sudden attack came entirely without warning. Mrs. Kingsbury living only fifteen minutes after that attack.

# FOUR DANCING FEET

BY JANE PHELPS

# AN AGONIZING NIGHT CHAPTER 35.

Fortunately Mrs. Cummings was not sitting up for Gertie. The girl gave a sigh of relief as she crept quietly into her room. It was hard to hide anything from her mother, she seemed to know intuitively when anything was wrong.

The new wall paper mocked her as she undressed. The little sprigs of pink flowers seemed to say: "We won't be young much longer. Someone else will have this pretty room that cost you so much." She saw the new dress she had given Jennie neatly laid on a chair, and that also gave her a twinge. Where would she get money to keep Jennie nicely clothed so she could finish school? It had already become a certainty in her mind that if she were discharged by Fagin, no one else would take her. They would think her a trouble-maker.

She crept into bed beside Jennie, but not to sleep. She lashed herself unmercifully because she had gone to Murphy's table. As long as she kept to herself things went along all right. She wasn't the kind of a girl who could have men friends. Now there was Lilly—she kept friendly with a lot of fellows, kept them all good-natured, too. Why couldn't she?

She wondered idly if Lilly were right—because she was with him. Mumphy should help her if she lost her job?

"If I let him he might get fresh too," she said to herself. "And I can't manage them when they get that way—like Lilly does."

She couldn't take this trouble to the teacher. Advice would not help her. It had been a fight, a row, because of her. She blushed in the dark as she thought how she had lost her temper, and talked just as she would have talked before she knew Tom Norris, before she tried to make a lady of herself. Perhaps if she had quietly left the table at once there would have been no fight.

Toward morning she fell into an uneasy sleep. It was later than usual when she awakened, and for a moment, she couldn't think why she felt so tired, so depressed. Then it all flashed over her.

"What's the use trying to be anybody?" she said as she turned unhap-

pily on her pillow. "Poor girls like me haven't any business thinking they can amount to anything—poor Ma," she finished as she heard her mother bustling about making everything neat and nice.

"Awake, Gertie?" Mrs. Cummings looked in the door.

"Yes, I'll be out in a minute. It's awful late, isn't it?"

Yes, but I bear to wake you up. What time did you come home?

"Same old time! Came right home with Lilly. She was outside waiting for me."

"You don't look very good this morning, dearie. I'll bring your breakfast to you. You stay right in bed."

Gladly Gertie acquiesced. She was tired heart-sick.

There! Ain't that nice? Mrs. Cummings said when a few moments later she brought Gertie's breakfast to her.

The tray was battered, but the cloth was spotlessly clean, and the coffee and toast, the egg, perfection.

"How good you are to me, Ma."

"Why shouldn't I be, dearie? Ain't you my big baby? And ain't you good to all of us? Now eat your breakfast, and then take your time getting dressed. I'll heat the water so you can have a bath."

To her surprise Gertie was able to eat. This rite over her spirits rose a little. It is hard to be depressed on a full stomach.

"Maybe he won't send me away," she said as she bathed. "I'll be careful what I say to him, and—"

"Here's a letter for you, Gertie," her mother interrupted her thoughts. "The postman just brought it. It's from Tom I guess." Mrs. Cummings waited to hear what he had to say.

Gertie's eyes were shining as she opened the letter. It was short, not much longer than the last but as she read her breath came quickly and a little gasp of delight broke from her.

"What is it, dearie?"

"He's coming, Ma! He's coming!" and she fairly danced in her excitement. "He'll be here in just a month."

Suddenly she gasped. "I'll read it to you," she said quietly. Perhaps when he came they would be back in the

old flat not in this nice place—she had hoped that sometime he would see it.

"Never mind now—the stew will burn. You can read it to me by and by. It will be nice to have him come again. Won't he be surprised when he sees us all fixed up like we are in this nice flat?"

"If he ever sees it—sees us in it," Gertie said to herself as her mother flew to attend to the stew.
